## About us

VisionTech Consultants is a professional organization established in 2021 in the field of ICT (Information technology), Audio Visual, Acoustics and Security & Surveillance System Design Consultancy. Our focuses is on providing assistance in designing, conceptualization of IT, AV, Security infrastructure for Hospitality, Corporate's, Healthcare, Educational campus, Mixed Used and other verticals. The team consist of highly experienced, Qualified & certified designers, who have hands on experience in Low Voltage Solution designing. They have undergone in-depth training and have expertise in design, projects, operations & management aspects across all industry verticals.

Bringing together a significant amount of cross-sector technology and innovation experience, our team offers the right expertise to help you develop Technically strong solution that are essential for growth in a highly competitive economy. Our technology consulting services help you realize value from technology. Our experts work closely with you to deliver technology-rich programs. We help you transform your innovation performance for long-term success by combining our technology knowledge with our expertise in strategy creation, product and technology development processes, and organizational development.

ICT Design Consulting Services :-

ICT Infrastructure Design :-

Server Room, ISP and Hub Rooms

Copper and Fiber Vertical Backbone Planning

Port Marking for Data, Voice, Wi-Fi Drawings

Node Count Matrix for Data, Voice, Wi-Fi Points

Cable Tray and Raceways Routing Plan

Wi-Fi Heat Mapping Document for Access Points Signal Assessment

Schematics Diagram preparation for Data Voice and Wi-Fi System

Telephony and EPABX System Design

Core, Edge Switching and Wi-Fi System Design

Tender BoQ and RFP Preparation for Passive, Active & EPABX System

Technical Specifications preparation for ICT System

Shop Drawings and GFC Approvals

Site Coordination, Project Management and Vendor Management

## ICT and Security Design Consulting Services :-

### ICT Infrastructure Design :-

- Server Room, ISP and Hub Rooms
- Copper and Fiber Vertical Backbone Planning
- Port Marking for Data, Voice, Wi-Fi Drawings
- Node Count Matrix for Data, Voice, Wi-Fi Points
- Cable Tray and Raceways Routing Plan
- Wi-Fi Heat Mapping Document for Access Points Signal Assessment
- Schematics Diagram preparation for Data Voice and Wi-Fi System
- Telephony and EPABX System Design
- Core, Edge Switching and Wi-Fi System Design
- Tender BoQ and RFP Preparation for Passive, Active & EPABX System

### Security Infrastructure Design :-

- Security and BMS Control Room Design
- CCTV and Access Control Solution Design
- Entrance Automation System Design - Baggage Scanner, DFMD, HHMD, Boom Barriers and Bollards etc
- CCTV and Access Control Port Mapping on Drawings
- CCTV Heat Mapping and Viewing Angle Layouts
- Schematics Diagram preparation for CCTV and ACS System
- Node Count Matrix for CCTV, ACS and Panic Button Points
- Tender BoQ and RFP Preparation for CCTV, ACS and Entrance Automation System

# FIA – MULTIPURPOSE HALL, FARIDABAD

INTERIORS, AV, LIGHTING & ACOUSTICS CONSULTING

## AV and Acoustics Infrastructure Design :-

- Speakers, Video Wall, Displays, VC device and Ceiling Microphones, AV Rack Marking Drawing for Multipurpose Hall
- Audio and Microphone Connectivity Schematics
- Video and Controlling Connectivity Schematics
- Elevation and Section Drawings for Multipurpose Room
- Ceiling and Wall Sound Absorption Drawing
- Wall and Floor Sound Isolation Drawing with Partition Details
- AV and Acoustics Simulation Report
- Tender BoQ and RFP Preparation for Acoustics – Sound Isolation, Sound Absorption, Doors and MEP/HVAC Sound Isolation Material
- Tender BoQ and RFP Preparation for Audio, BGM, Microphone, Video and Controlling Switching System
- Shop Drawings and GFC Approvals
- Technical Specification Preparation for AV and Acoustics
- TDS and Technical Datasheet Review/Approvals
- Project Management and Vendor Coordination

# FIA – MULTIPURPOSE HALL, FARIDABAD

## INTERIORS, AV, LIGHTING & ACOUSTICS CONSULTING

### Interiors and Lighting Infrastructure Design :-

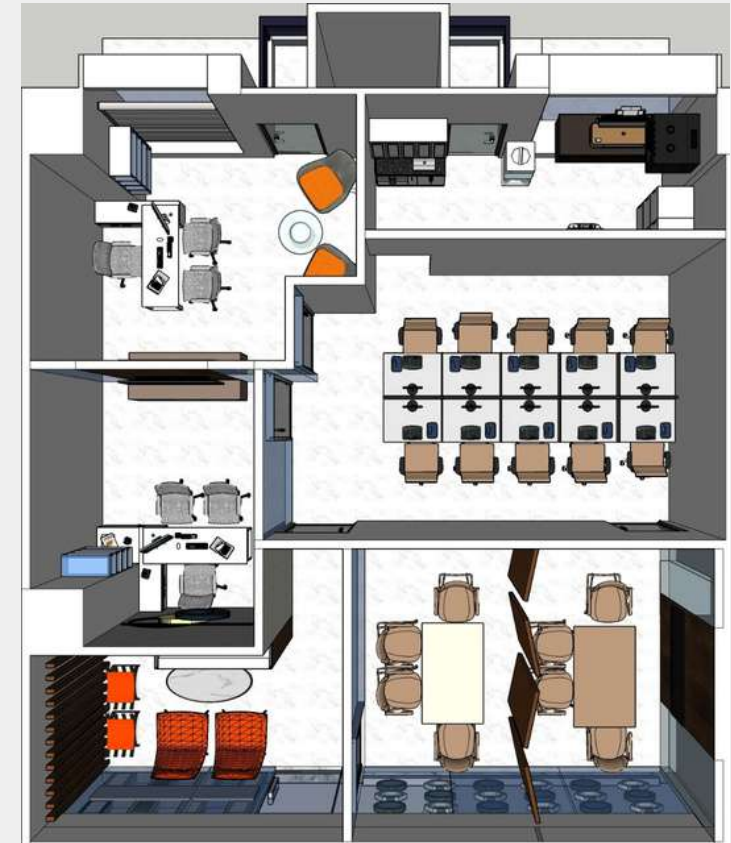

- Architectural Base Plan Drawing Autocad 2D
- Section, Elevation Drawing Autocad 2D
- Furniture Layout Plan Autocad 2D
- Mood Boards and Concepts presentation for Material, Finishes and Textures
- 3D Rendering and Walkthrough
- 3D Sketchup Model
- Lighting Fixtures Markup and LMS Looping Drawing
- Lighting Simulation and LUX Calculation Report
- Tender BoQ and RFP Preparation for Interior Works – Furniture, Carpet, Tiles, Paint and other materials
- Tender BoQ and RFP Preparation for Ceiling and Wall Lighting
- Shop Drawings and GFC Approvals
- Technical Specification Preparation for Interiors and Lighting
- TDS and Technical Datasheet Review/Approvals
- Project Management and Vendor Coordination

# CORPORATE OFFICE, NOIDA 132

## INTERIORS DESIGN CONSULTING SERVICES

- ARCHITECTURAL PLAN & SECTION DRAWING
- FURNITURE LAYOUT PREPARATION
- INTERIORS RENDERS & PRESENTATION
- AUTOCAD 2 D DRAWING
- 3 D SKETCHUP MODEL & WALKTHROUGH
- 3D LUMION RENDERING
- BEDROOM, LIVING ROOM & KITCHEN DESIGNING
- MEDIA ROOM & BAR DESIGNING
- DOORS, WINDOWS, FLOORING, FURNITURE DESIGN
- LIGHTING & ELECTRICAL SOLUTION DESIGN
- ELECTRICAL & PLUMBING SOLUTION DESIGN
- AUDIO VISUAL SOLUTION DESIGN
- IT & CCTV SOLUTION DESIGN
- TENDER BoQ & RFP FOR INTERIOR WORKS
- ID MATERIALS/TDS and SPECIFICATIONS PREPARATION
- PROJECT PLANNING AND VENDOR MANAGEMENT
- SITE VISIT & QUALITY AUDIT REPORTS
